**ATTACHMENT TO PETITION FOR REVIVAL OF APPLICATION FOR
PATENT ABANDONED UNAVOIDABLY UNDER 37 CFR § 1.137(a)**

As set forth in the attached petition, Applicant hereby petitions and requests the USPTO to revive the above-referenced abandoned patent application pursuant to 37 CFR § 1.137(a) for failure to pay the issue fee by the deadline. As explained herein, Applicant's delay in payment of the issue fee was unavoidable. In particular, the delay in payment of the issue fee was unavoidable as a consequence of a change of correspondence address where the USPTO mailed the Notice of Allowance to an old address, and the Notice of Allowance failed to reach the Applicant.

A Notice of Allowance for the above-referenced patent application was mailed on August 26, 2004. However, this Notice of Allowance was mailed to an old correspondence address by the USPTO. A change of correspondence address had been recorded by the USPTO for this file seventeen (17) days before the Notice of Allowance was mailed to the old correspondence address. Attached are printed pages from the PAIR system, as well as a copy of the Revocation of Power of Attorney and Change of Correspondence Address filed with the USPTO, to show that the Change of Correspondence Address had been filed and recorded by the USPTO well before the Notice of Allowance was mailed by the USPTO.

Applicant has no knowledge of the whereabouts of the original Notice of Allowance that was mailed to the old correspondence address, as the Notice of Allowance was not forwarded to Applicant. Applicant requested the law firm residing at the old correspondence address to forward all mail received from the USPTO to Applicant at the new correspondence address. However, Applicant never received the Notice of Allowance. Applicant only became aware of the Notice of Allowance after checking the USPTO's PAIR system to check on the status of the application, since it had been several months since a Response had been filed (i.e., July 20, 2004), and Applicant anticipated receipt of an Office action at any time.

According to MPEP § 711.03(c), where an application becomes abandoned as a consequence of a change of correspondence address where an Office action was mailed to an old address, an adequate showing of "unavoidable delay" will require (i) a showing that due care was taken to adhere to the requirement for prompt notification of the change of address, and (ii) an adequate showing that a timely notification of the change of address was filed in the application concerned and in a manner reasonably calculated to call attention to the fact that it was a notification of a change of address.

With respect to the above requirements for a showing of unavoidable delay, Applicant adhered to the requirement for a prompt notification of the change of correspondence address. This is evidenced by the fact that a Revocation of Power of Attorney and Change of Correspondence Address document for the above-referenced file was sent to the USPTO on August 4, 2004, and was recorded as received in association with the above-referenced file by the USPTO on August 9, 2004. This document was timely, as it was filed before the Notice of Allowance was mailed. In addition, this document was filed in a manner reasonably calculated to call attention to the fact that it was a notification of change of address. In particular, Applicant used the USPTO's own form PTO/SB/82 which indicates that a "Change of Correspondence Address" was being filed. In addition, Applicant noted that a "Change of Correspondence Address" was being filed on the front page of the August 4, 2004 transmittal letter to the USPTO, a copy of which is also enclosed herein.

Accordingly, it is respectfully submitted that Applicant has made a showing of unavoidable delay in failure to pay the issue fee for the above-referenced application by the November 26, 2004 deadline. A prompt and favorable response to this petition is respectfully requested.
